Student Representative Roles and Responsibilities

The role and responsibilities of the AIPN Student Representative are:

- To represent all matters affecting or of concern to injury prevention students to the AIPN executive.
- To encourage students to contact the Student Representative with their opinions and ideas and to become members of the AIPN.
- To provide a recognised means of communication between students and the members of the AIPN executive.
- To liaise and communication with a number of groups and organisations regarding issues relevant to injury prevention students.
- To promote the views of injury prevention students and encourage students to become actively involved in AIPN activities.
- To contribute to the development, maintenance and dissemination of resource materials to injury prevention students, including tertiary courses and seminars, in conjunction with relevant educational authorities and workplaces.
- To encourage cooperation with other organisations within Australia that shares an interest in student issues.
- To perform as a team member on the AIPN executive and contribute to discussions, decisions and action planning.
- To promote, encourage and assist wherever possible in the conducting of the AIPN national injury prevention conference, seminars, workshops and other activities.
