Free Lunchtime Forum

A Project Launch

Our Space, Safe Place

A project using art, photography and prose to communicate youth perceptions of safety in public spaces

This project aims to raise awareness around the importance of safety in public places by engaging young people. It also seeks to find out what can be done to make public places feel safer and how to develop spaces where young people feel valued and connected in the community.

This forum sees the project launch and is an opportunity for stakeholders who work with young people, socially diverse and marginalized groups to learn more about the project, how they can get involved and how the project can support their work.

National Youth Week commences 10th April visit www.youthweek.com/
